## MARTIN'S BARN BURNS

### Fourteen Dairy Cows Perish

Mr. William Martin of Eagle Point lost his barn and valuable dairy herd in a fire early Wednesday morning.

He got up at five and put his fifteen cows in the barn. When he came back out to the barn a half an hour later, the building was in flames. The barn was completely demolished, but none of

## BASKETBALL HOPES RISE

In the closing game of the first half of league play, the blue and gold of Eagle Point was defeated 17-15 by Prospect when they traveled to that city. The game was a ragged affair with both teams missing the hoop constantly.

Determined to open up in the second half of league playing the locals were in high spirits when they traveled to Talent the following Tuesday. However the hornets were dynamite on their own floor and hit the basket consistently throughout the game to win 37-12. Talent obtained an early lead when they hit the first basket of the game and their lead was never threatened. The locals fought hard but couldn't stop the terrific drive that the Hornets unleashed. The game was very rough with two Talent players being ejected on personal fouls.

### BASKETBALL HOPES RISE (cont. from page 1, col.2)

Showing more power than ever before the Eagles gave the Butte Falls Loggers a very entertaining evening when they met that high scoring quintet on the local floor last Friday. The Eagles started the game with a 2-0 score but were soon overcome by the Loggers. The Eagles played like Trojans, but were unable to keep even with the Butte Falls team. The score at the end read 29-19 Loggers favor; however it was any body's game until the final whistle blew.

It was a much revived team that went on the floor Tuesday night against Sams Valley, completely overplaying the neighboring five. The locals seemed to have found their own hitting the basket easy and punctured the Sams Valley defense like a sieve. The game was played on a very slick floor which made it impossible to break fast. The locals scored the first basket and increased their lead throughout the game to win 23-11. Stanley was high point man with 9 points.

Tonight the Eagles will travel to St. Marys where they will tangle with the team that beat them in an overtime period previous; but with Eagle Point's improved spirit and a clicking offense it should be a thriller, and the Crusaders can look forward to a real battle.

## FRESH News Notes

What did the word news derive from? North, East, West, South.

The Freshmen were well represented at the dance Friday night, and they all seemed to have a good time.

Do you know the only keen-edged tool that grows sharper by constant use? The tongue.

### SPRING IS NEAR

Looking around the school rooms, especially in the study halls, you would certainly know that spring was near.

Of course, it is probable, also possible, that the drowsiness was due to lack of sleep, but it really is logical that the warm sunshine that we had for a few days, did give you, "that old feeling," that Spring really was lurking around the corner. Is spring really here though? Since the groundhog saw his shadow Sunday, Feb. 2, perhaps all the hopes of spring's being near are just a "hope so" proposition after all. Let's hope not, for these cold, foggy mornings make a "fella" want to stay in bed just a little bit longer; and if you stayed in bed until the sun came out from behind those big white clouds, you would probably end up being late for school---and that would not do---would it?

### TALENT'S AND PROSPECT'S DRILL TEAMS ARE COMPLIMENTED

Special compliments are in order to Talent's and Prospect's drill teams. These teams displayed fine drill work at the half time in recent basketball games with Eagle Point.

### SIXTH GRADE HONOR ROLL

## EXECUTIVE VISITS TROOP

Mr. Wells, Scout Executive for Jackson, Josephine, and Shasta counties, visited the Eagle Point Scout troop last Thursday evening about 7:30. We reviewed all that we knew and I think we must have pleased him for he said that we might become a registered troop at our own convenience. We have decided on the meeting, Thursday night, Feb. 6, for the final test.

Our Scout leader is Mr. A. Woodrich, proprietor of the Ladi-no Cheese Factory. Our Patrol leader is Sammy Coy, Assistant Patrol leader is Don Kimmel. The troop consists of Sammy Coy, Don Kimmel, Edward Kimmel, Billy Young, David Carter, Dick Carter, and Harold Kingery. We hope membership will increase as more boys get interested.

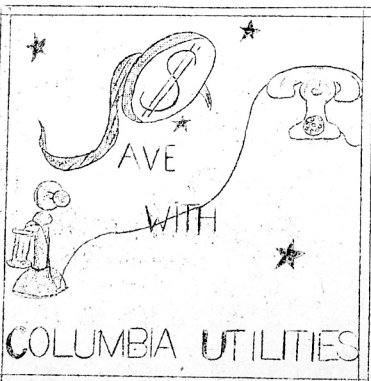

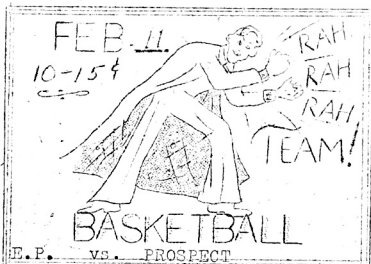

Our troop is planning to build a headquarters as we are now having our meetings at Mr. Woodrich's home.

He that made us gave us not capability and God-like reason to rust in us unused. ---Shakespeare

## CHIEF HAILSTORM VISITS SCHOOL

Chief Hailstorm, a Cherokee Indian, was at the Eagle Point School Wednesday, Jan. 29, 1941. He seemed to be very talented and could talk Japanese, Russian, American, and the Cherokee language. He did the Indian war dance, love song and dance, and the dance of the medicine man or witch doctor. One of the grade school boys played a patient while Chief Hailstorm scared the evil spirits away. The performance was very interesting and educational. The classes that had perfect attendance to the program were to receive a picture of him and all of the teachers got a picture.

## EAGLE'S QUILL STAFF CHANGES

With the change of the semester, the staff of the Eagle's Quill has changed. Several additions have been made.

Mary Harnish, who formerly wrote the local personals, is now writing the community news for the entire high school district.

George Jackson has been chosen as the new printing master.

Cliff Medley, a new student here, is now the regular sports editor.

Don Kimmel, a freshman, is the advertising manager.

These additions to the staff were made in order that all of the work will not fall on the shoulders of a few people.

There are also several other people who work on the paper; but because everyone's name cannot be put under "The Staff," a line had to be drawn some place. The staff wishes to extend thanks to those people who hold so-called minor offices and often do not get much credit.

It is not best to swap horses while crossing the river. Lincoln

Sunday, January 26th, found almost over  $\frac{1}{2}$  of Jackson and  $\frac{1}{4}$  of Josephine counties; it seemed, at the Grange Hall eating a very luscious turkey dinner, served by the E. P. Grange.

They served around 500 people in the dining room basement of the hall. The dinner lasted from 12:30 to 4:00, during that time the tables were crowded the full time.

Upstairs people sat, talked, and listened to the music of Mrs. McCorkle, Mr. Hay, Chester Robertson, Henry Holman, George Peachy, and Alfred Overdick.

The dinner, consisting of the following: turkey, potatoes, gravy, peas, and carrots, salad, apple sauce, pickles, cheese, pie and coffee, certainly pleased every one that even tasted it.

Again the E.P.H.S. girls were proud to represent their "Alma Mater." A week ago tonight the Girls Basketball Team played the Butte Falls Girl's Team for a winning game.

Mary Harnish was high point player for Eagle Point hitting the hoop for 14 points.

The starting team was Mary Harnish, Martha Abal, and Dorothy Young as forwards; Lucille Vileaux, Reva Chestnut, and Bea Caster as guards. Joan Nussbaum was the substitute forward.

## SENCE AND NO-SENCE

In the good old days when Mr. Bushnell was a strapping youth, his brother left the farm and got a job in the city. He wrote back to his brother, Mr. Bushnell, who still remained on the farm, telling him the joys of the city. In it he said: "Thursday we autoed out to the country club where we golfed until dark, then we pick-nicked and later motored to a nearby beach where we week-ended!"

Mr. Bushnell wrote back: "Yesterday we buggied to town and baseballled all the afternoon. Today we muled out to the cornfield and geenawed until sundown. Then we suppered and piped for awhile. After that we staircased up to our room and bedstedded until the clock fived."

Virginia Medley was eating her lunch in a cafe, when a young man walked up to her and said, "You look like Helen Black."

Virginia replied, "I look pretty bad in white too."

## JUNIOR NEWS

Our class has been trying very hard to select a suitable three-act play to present in the near future. At last I think we have succeeded, believe it or not. We have ordered from Denver, Colorado, and the books should be here any day so we can start work. The name of it is "Aunt Min Drops In" and does she drop in!! Well, I'll say!

Friday night we sold hot-dogs, pop, coffee, and candy at the game and dance. Quite a profit was made and we hope to do it again. We also profited from our mistakes.

The junior class is planning on a sales counter project to be used in the gymnasium with a special cashier's cage.

We chose Mary Harnish, Edith Hoeft, Dale Hoskins, and Irving Haight as representatives from our class to work on the Annual.

## DEFINITION OF A BASKETBALL GAME

Foul--a bird.

Technical Foul--a Referee.

Foul Shot--a dead pigeon.

Personal foul--B. O.

Hacking--a sign of T. B.

Basketball--a round leather duber filled with emptiness that a lot of guys run around nearly breaking their necks trying to get, and when they get it, they either give it away or try to throw it into a kind of a bottomless waste paper basket made out of fish net.

General Opinion--gee, it sure seems crazy to me why a lot of guys try to keep some one else from throwing a ball into a basket without any bottom, because my goodness you'd think they'd know it would not stay in there anyway! But on the whole a basketball game isn't such a bad thing after all----you can wear any kind of a nice dress without worrying about rain.

Goodbye until baseball,  
Betty Trueblood.

## CLUB NEWS

### P.T.A.

Founder's Day will be celebrated by the Eagle Point P.T.A. on Friday p.m., February 14. There will be a special program and a silver tea will be served. Special committees are in charge of the affair and a large attendance is expected.

The discussion, "Ships That Sail the Sea" will be lead by Mr. Dickson, the 7 and 8 grade teacher.

The P.T.A. extends an invitation to every parent to attend this program. It will be instructive as well as entertaining.

### EXTENSION UNIT

The Extension Unit is planning a program for the night of February 13 in the Grange Hall in order to raise money to send their delegate, Mrs. Gosnell, to the Home Interest Conference in Corvallis.

### CIVIC CLUB

Civic Club will meet in the club rooms Thursday afternoon February 13.

### FRESHMEN DELIVER SPEECHES

During the last week of January, we heard several speeches by the Business Class. These speeches, mainly on the President's Inaugural Address, were of interest to everyone. The freshmen show good training in speech work by Mr. Bushnell, their teacher.

### ELMER HARNISH GRADUATES

Because he failed to get all of his credits during his senior year, Elmer Harnish went to school the first semester of this year to finish his English and typing. The close of the semester shows him to be a full fledged graduate, so he has left us and gone on his way. He will be missed by many of the students and particularly by one girl.

## SENIOR NEWS

The new semester shows many changes in the senior class. Harry Frey graduated at the close of last semester and left us without a news reporter so Martha Abel was elected to take his place. Elmer Harnish, who was taking a P.G. course, finally got all the credits he needed; so he too has departed from our classroom. Val Smith, of Butte Falls, has enrolled in the senior class, and Cliff Medley, formerly a junior, is also a senior now.

The committee elected in our class to work on the Annual are: Sandy Clave, Lucille Vieaux, Willard Welch, and Joan Holmes.

Miss Olson is planning a senior class program for February 28. It is going to be a different type of entertainment than the school usually presents, and is it going to be good.

### NEW SEMESTER BRINGS CHANGES

The close of the semester shows many changes in the school. Several subjects have disappeared from the classrooms to be replaced by new ones; and in most cases these changes are welcomed. Many of the seniors are making careful checks on the past years' credits to make certain that there will be no blank spaces left on their diplomas.

None of the students seem to take the new semester very seriously yet, but why should they? In many of the classes the assignments haven't been very definite, so why not relax when there's a chance?

Two new students have enrolled for the next semester. They are Val Smith, a senior from Butte Falls, and Walter Medley, a freshman. He is a brother of Cliff and Virginia.

The ones who make the most mistakes in life are those who are so fearful of doing just such a thing. ----John Wamacher
